Cable Address: LAMA.

To the Public.

It is with pleasure mixed with regret that I offer at Public Auction the collection of Dr. Chas. A. Graeber of Meriden, Conn., embracing as it does the result of over forty years of persistent collection and study. Pleasure; because I am certain that there is not a coin catalogued but that will appeal to anyone possessing the true numismatic spirit. Regret; that the necessity of "putting one's house in order" should compel Dr. Graeber to part with the collection, each and every coin of which has had his personal attention and loving care. But "Tempus fugit et nos fugimur" and so again I say I regret its dispersal yet take pleasure in presenting it for your approval and purchase. It is possible also that at some future sale I may have the felicity of offering either in America or Europe, the superb collection of gold and silver medals belonging to Dr. Graeber which he for the present retains, pending some historical notes, he is desirous of making. Particular attention is called to the numbers directly following each lot, which indicates the exact size of each coin, thereby assisting the bidder in making his offer and in each envelope will be found an autograph description together with various historical notes, very interesting and instructive. I have included in the present sale, some choice pieces from other cabinets, to which I call special attention.

Thanking you for your patronage in the past, and bespeaking a continuance of the same, I have the honor to be

Very truly yours,

GEOFFREY CHARLTON ADAMS, M. A.
